October 2017

**Flu Vaccinations at UZH**

From the end of October 2017, Safety, Security and Environment are offering all UZH staff a vaccination to protect themselves from seasonal flu.

- **Only UZH staff** can be vaccinated.
- The vaccination is **free of charge** and **voluntary**.
- No appointment needs to be made. Waiting times are generally longest at the start of the time slot (11:00 am).
- Please bring a valid employee ID and, if possible, your vaccination card.
- Students, relatives, and external staff can be vaccinated at the UZH Travel Clinic in Zurich or at their general practitioner at their own expense.
- Swiss General Practitioners’ National Flu Vaccination Day: 3 November 2017 (no appointment required, vaccination paid by patient).

2017/2018 Vaccine in use

The vaccine to be used consists of fragments of inactive influenza viruses from various strains which change every year according to WHO recommendations.

The 2017/2018 vaccine consists of the following combination:

- A/Michigan/45/2015 (H1N1pdm09)
- A/Hong Kong/4801/2014 (H3N2)
- B/Brisbane/2008 (Victoria lineage)

In addition to the quadrivalent vaccine:

- B/Phuket/3073/2013 (Yamagata lineage)
